houses fall into the ocean
We have Lots of hydrangeas
I get stuck Behind gAil's tours
I go to great point
I like brant point light
move it sweetie
that's not a rotary. It's a monument
everybody's house looks the same
they have cedar shingles and they cost a lot
We like big cars
and we drive slow
I live on nAntucket
we have lots of daffodils
we have a windmill
there are cobblestone streets
they are so bumpy
we have cars but no traffic lights
nobody knows how to drive anyway
I go to santaty lighthouse
Sometimes you can see a whale or a shark
total
